

AMRUT DISTILLERIES LTD.

ALCOHOL STORAGE AREA
21/12/2013

Project Snapshot

Name of company: Amrut Distilleries Ltd.

Total Area: 3,000 Sq.ft

Industry: Alcohol storage area

City: Bangalore

Machine Installed & Quantity: SPS 18 - 1 unit

Country: India

Symphony

SPS 18 Side Discharge Unit

We installed 1 unit of SPS
18 side discharge machine.

M/s. Amrut Distilleries is one the premium scotch manufacturer & exporting to various countries.

Having following issues for Alcohol storage house.

1. High evaporation of Alcohol due to high temperature & low RH in summer.
2. Evaporation is to tune of 5% to 10% so heavy loss in terms of volume as scotch need to store in wooden case for couple of years for ageing.
3. Scotch blending & test differ due to changes in temperature & RH.
4. Desire temperature is 26 to 30 degree C with minimum 75% RH.

Scotch storage area is air cooled with Symphony SPS -18.

Ducting is done in wear house to ensure even distribution of cool moist air. Small & low power exhaust system designed to retain 75% plus RH.
