### TO WHOM SOEVER IT MAY CONCERN

This is to certify that we have installed Symphony Air Coolers PAC14TCi in our resort – SwarnRekha Resort – at Ranchi. We are very satisfied with the installation and wonderful performance of the coolers.

Infact, during the 'BJP Adhiveshan' recently the state Chief Minister Shri Raghubar Das commended high class cooling and enquired about the machine that is installed and giving excellent cooling and makes one feel so refreshed inspite of many hours of conference. He was told that it is Symphony.

Same was the comment of BJP State President. BJP Vice President, Jharkhand instantly decided to air cool his entire university – Sarla Birla University – A Birla group University and School.

Infact, it was so chilled that some machines had to switched off.

Most of the BJP executive committee members were so impressed and said that they will all install the sane cooler in their home and businesses. I had given them the name and contact number of Shri Ramendra Sahai, VP, Symphony who was instrumental in the entire project's success.

Shahshi Bhushan

General Secretary, BJP, Jharkhand

Ducting – 3 machines are connected to 50 feet duct having 3 to 4 outlets & 5 machines are connected to direct outlet grill

## PAC 14 TCi

PAC 14 TCi has four side cooling pads offering superior cooling.
